Hi, Sara.

I had already sent the talking points to Julie when I got your email, but I think Rob covered the redevelopment interests of the community in the third bullet.

Thanks!

Hope it is not too late. Can we add a point about acknowledging redevelopment issues associated with the Smurfit site? The Agency is aware of the community's desire for redevelopment of properties surrounding the Smurfit site. Just a thought. Sara

**Subject:** FW: Talking Points?

Draft Deliberative

Team – We've been asked to put together a few key high level talking points for the RA's trip next week. Cynthia and Mark Chalfant put together good talking points for the CFAC site, so I took the liberty of using them for the Smurfit site since there are many similar overarching principles.

Julie D is requesting this by COB today. Could folks do a quick review in the next half hour or so (sorry for the really short notice) and provide comments to Cynthia who has graciously agreed to compile and forward on to Julie, Joe, Betsy V and the site team by 3 pm today?

Thanks,  
Rob

Betsy Varcoe wanted the TP by COB today. Shaun is working in Boulder tomorrow and then is on travel until he meets with the Governor. Betsy: this request came up yesterday when Shaun was in a meeting. Do you think it would be a problem if I give him the TP when he gets to Montana next week?

Hi Julie,

Mark asked that I send an email requesting when you might need the "Talking Points" for CFAC? Him and Rob will be in training all day tomorrow and if he could have until noon on Thursday that would be great.

Thanks,  
Mike
